#### Dear Members & Friends:

I am pleased to announce the 55th Financial Forum of the Society of Utility and Regulatory Financial Analysts (SURFA): "Regulated Utilities 2024: An Industry in Transition." The Forum will provide attendees insight into current financial and regulatory issues affecting the utility industry and is appropriate for attorneys, analysts, utility company managers and staff, investors, regulatory commissioners and staff, consumer advocates and staff, and consultants.

Our 55<sup>h</sup> Forum features an outstanding group of speakers and moderators. The topics that will be addressed include:

- Evolving Trends in Capital Structures and WACC;
- Canadian vs US Utility Regulation Pros and Cons; and,
- Climate Change and Risk.

We are once again privileged to have John Lonski of Thru the Cycle present an analysis of current and expected economic conditions. Also, a panel of distinguished Wall Street analysts will discuss the condition of, and outlook for, the utility industry. Our luncheon speaker on Thursday, April 11th is Joesph Mengedoth, CBE, Regional Economist at the Federal Reserve Bank of Richmond. Thursday evening, Scott Hempling, Esq., Administrative Law Judge with the Federal Energy Regulatory Commission will be our keynote speaker at dinner, following a networking cocktail reception.

For those arriving on Wednesday, April 10th, there will be a site-visit to the Dominion Cyber Security and Market Operation Center. The group going to the Dominion site will meet in Omni's lobby & leave at 2:15 PM for a 6-block walk. In the evening you can choose between a Baseball Game: Richmond Flying Squirrels vs the Akron RubberDucks or an excursion to Scott's Addition, Richmond's restaurant / tavern district with round trip bus transportation provided. Transportation for both will leave the Omni at 6:00 PM.

The Certified Rate of Return Analyst (CRRA) exam takes place on Wednesday, April 10th from 12:00 - 5:00 PM, prior to the Forum. Please visit our website http://www.surfamembers.com, for more information.

Attire is business casual. Please pass this brochure to any associates whom you think may be interested in joining us in Richmond.

Please watch your email for the announcement of our Cost of Capital Workshop to be presented on Tuesday afternoon, April 9th and Wednesday morning, April 10th prior to the Forum.

I look forward to seeing everyone in Richmond, April 11 - 12, 2024!

Very truly yours, Mark Cicchetti, CRRA

President

### Who Should Attend the 55th Financial Forum?

SURFA's Financial Forum will interest accounting, finance, and non-finance professionals with an interest in utility regulation, electric, natural gas, and water issues including:

Utility Personnel Commissioners
Investment Analysts Commission Staff
Public Advocates Accountants
Consultants Attorneys

A corporate financial background and working knowledge of utility ratemaking are prerequisites in order to receive CPE credit. No advanced preparation is required. Upon completion of the Forum, you should be able to do any:

- Identify key issues affecting the utility industry;
- Understand the workings of certain cost of capital estimation methods (if offered);
- How a utility's cost of capital affects investor perceptions;
- Identify recent developments in utility consolidation; and;
- List current regulatory issues impacting the utility industry.

### **SURFA's History**

The Society was founded in 1977 by a cross-section of financial analysts who recognized the need for increased dialogue on the subject of rate of return. Originally organized to study public utilities and their cost of capital, SURFA has broadened its scope. SURFA focuses on the general concept of risk and its impact on the financial viability and market cost of capital for regulated entities. SURFA also sponsors the Certified Rate of Return Analyst (CRRA) program, an educational service covering cost of capital concepts as well as a Cost of Capital Workshop. SURFA's objectives are:

- To discuss and disseminate concepts and practices in the application of utility financial issues;
- To promote the education and understanding of rate of return analysis;
- To promote the highest level of ethics in the discharge of members' duties; and
- To develop fellowship among members.

## **Membership Information**

Financial Forums are held annually in the spring. Our membership includes regulators, regulated utility personnel, consultants, attorneys, academicians as well as other members of the financial community. Refer to the next page for further information on how to become a member of SURFA.

#### **Hotel Information**

# Continuing Education Credits

#### Certificate of Continuing Regulatory Education

For public and nonprofit sector employees, full attendance at the Forum will earn twenty credits toward a Certificate of Continuing Regulatory Education (CCRE) sponsored by the Institute of Public Utilities at Michigan State University and endorsed by the National Association of Regulatory Utility Commissioners. Credits may be earned for up to two programs hosted by the same professional organization and past attendance may be eligible. For program details, please visit <a href="https://www.ipu.msu.edu/CCRE">www.ipu.msu.edu/CCRE</a> or contact ipu@msu.edu.

#### **CPE Credits**

This conference provides a general overview of financial, accounting, and economic issues impacting regulated utilities and their cost of capital. The conference presentation is group-live, and the course level is intermediate. Perquisite: Previous experience in utility ratemaking and regulatory proceedings or an understanding of the ratemaking process from an accounting, economic or financial perspective. There is no advanced preparation required. Conference participants can earn up to ten CPE credits in fields of Regulatory Ethics, Finance and Economics.

The individual sessions CPE Credits, prerequisites and format are as listed on the next page. In accordance with the standards of the NASBA, CPE credits are granted based on a 50-minute hour and active participation in the course.

SURFA is registered with the National Association of State Boards of Accountancy (NASBA) as a sponsor of continuing professional education on the National Registry of CPE Sponsors. State boards of accountancy have the final authority on the acceptance of individual courses for CPE credit. Complaints regarding registered sponsors may be submitted to the National Registry of CPE Sponsors through its website: <a href="https://www.learningmarket.org">www.learningmarket.org</a>

Bente Villadsen, Ph.D. Past President - SURFA c/o The Brattle Group One Beacon St., Suite 2600 Boston, MA 02108 617.234.5608 Bente.Villadsen@brattle.com

# SURFA Society of Utility and Regulatory Financial Analysts

## 55th Financial Forum

#### **CPE Credits for the SURFA Conference:**

#### Panel 1: Thru the Cycle

Level: Intermediate

Time: 105 minutes (2 Credits)

Prerequisite: None

Field of Study: Economics - Technical

Delivery Method: Group Live

After the session, the participants are expected to know current trends in interest rates and equity markets, as well as to be able to articulate the impact of interest rate changes on utilities' cash flow and cost of capital. The session will also enhance the participants' understanding of current and anticipated economic growth, of labor productivity, and of their impact on upcoming monetary policy decisions.

#### Panel 2: Evolving Trends in Capital Structures and WACC

Level: Intermediate

Time: 105 minutes (2 Credits)

Prerequisite: A basic understanding of finance and regulation

Field of Study: Finance and regulation

Delivery Method: Group Live

After the session, participants should understand the various approaches / methodologies used to determine capital structures in utility rate cases. Participants will learn the pros and cons of these various approaches / methodologies as well as their impact on the weighted cost of capital.

#### Panel 3: Canadian vs U.S . Utility Regulation - Pros and Cons

Level: Intermediate

Time: 120 minutes (2 Credits)

Prerequisite: A basic understanding of finance and regulation

Field of Study: Finance
Delivery Method: Group Live

After the session, participants should understand the key differences and commonalities between Canadian and U.S. regulation. Attendees will also learn the basics of performance-based regulation and common approaches to determining the authorized ROE in Canada. Following the session attendees should be able to discuss the pros and cons of Canadian and U.S. regulatory approach from a credit perspective.

#### Panel 4: Climate Change and Risk

Level: Intermediate

Time: 105 minutes (2 Credits)

Prerequisite: A basic understanding of finance and regulation

Field of Study: Finance

Delivery Method: Group Live

After the session, participants should understand some of the key issues, challenges, and risks facing the utility industry relative to climate change. Participants should also be familiar with potential operational, legislative, and regulatory issues, which may arise relative to climate change.

#### Panel 5: Wall Street's Perspective

Level: Intermediate

Time: 105 minutes (2 Credits)

Prerequisite: None
Field of Study: Finance
Delivery Method: Group Live

After the session, the participants will understand the risk and rewards in the utility sector. In addition, participants will understand investors' views of the risks facing the utility sector and how such risks may impact the ratings and cost of capital for utilities.

Total Credits available for completing all sessions is 10 (Economics 2 and Finance 8).

In accordance with the standards of the National Registry of CPE Sponsors, CPE credits will be granted based on a 50-minute hour.

CPE Credit eligibility requires you to sign-in and sign-out for each session. This must be done at the administrative table, which is monitored. Additionally, individuals who seek CPE credit must fill out the evaluation form for each session and actively participate in sessions.

Following successful participation in the SURFA Financial Forum that is properly documented, you will be issued a certificate of completion.
